Oats were weak at the start owing to selling, inspired by the continued favorable weather, but the market developed considerable strength during the last half of the day owing to buying by several of the bull leaders. An advance of ½%c. in the price of the cash grain was a bullish factor. The market closed strong with prices up ½%c.

Prices on provisions at the close were 5c, lower to 5c, higher.

On Foreign Exchanges

LONDON, July 20.—Money was in quiet demand and in plentiful supply on the market to-day, and discounts were easy. The Bank of England probably will get the remainder of the \$3,000,000 in gold available yesterday, a portion of which was secured by Russia.

Tradings on the Stock Exchange con-

Russia.

Trading on the Stock Exchange continues to be quietly firm, with an upward tendency in several directions, notably home rails and gilt-edged securities under investment buying, and Kaffirs on bear covering and South African buying.

American securities opened steady

American buying.

Heating Units What You Want

The man that buys coal to-day wants to get the best mined. It's heating units which coant. That's the kind of investment that pays. Poor coal means that it is poor in quality and contains few heating units. Rich or good coal means rich and full of heating units. Whether you buy coal for the kitchen stove or your factory boilers, you can always be assured of getting the maximum number of heating units from every pound of coal you buy from S. H. Hawes & Co., Eigitteenth and Cary Streets.
